SWI Dealer Credit Policy

If there is an error or a question on an invoice, please notify SWI within 10 days so it may be explained or corrected.

Outstanding Balances

- Payments for outstanding balances made by check must be payable to **Steven Willand Inc.** and mailed to **PO Box 9 Augusta, NJ 07822.**
- **Accounts 60 days past due** will be placed on a HOLD status for both new parts and equipment orders. The HOLD status will be removed from the account once the account is under 60 days past due. **SWI retains the right to terminate any dealer whose account is over 60 days past due.**

Payment Schedule

- A dealer may pay their balances by ACH, either through initiating the payment through their bank or by authorizing SWI to withdraw funds from their accounts. There are no additional fees for having SWI initiate the payment. In either case, the dealer must provide SWI with details of the invoices that should be cleared with their payment.
- The current amount due needs to be paid before the end of the month to avoid finance charges. Finance Charges accrue on the last day of the month for all unpaid invoices that were due in the current statement month.
- Past due balances will accrue finance charges at the rate of 1.5% or 18% annually.

Check Payments

- SWI requests that all checks be accompanied by documentation advising the invoices to be paid, either by:
    1. Write the account number and invoice numbers on the check stub, or
    2. Include a copy of the statement indicating the invoices and credits that should be paid with the check
- If documentation is not included with payment, the funds will first be applied to finance charges, then to the oldest open invoice.

NSF Returned Checks

- There is a $45.00 charge for each returned check or ACH.
- **Any account with two returned checks** is subject to “Prepaid,ACH or Credit Card” status for all future sales.

Credits

- SWI encourages our dealers to offset their credits against invoices on-a-monthly-basis.
- Any unused credits that are over 90 days will first be applied against any outstanding finance charges, then against the oldest invoices.

Quantity or Prompt Payment Discount Amounts

- Quantity or prompt payment discount available amounts are shown on the invoice. This amount may be deducted from the invoice if payment of that invoice is mailed by the discount date indicated on the invoice.
- **Prompt payment discounts are NOT allowed on invoice payments if the dealer's account is not current.** In other words, if you have past due balances on your account, you are not entitled to any prompt payment discounts.

SWI Credit Card Policy

- Visa and Mastercard will be accepted at point of purchase, which is when the dealer originally places the order with SWI. SWI does NOT accept American Express or Discover credit cards as a method of payment for point of purchase sales.
- Credit Cards may now be used to pay any open account or past due balances; all credit cards will be accepted other than point of purchase, however, there will be a **three and one half percent (3.5%)** convenience fee charged to your card for this transaction. **When using a credit card to pay for past due balances, dealers will be required to pay all outstanding finance charges as well as any balance over 60 days past due.**
- SWI does not store credit card information; it is securely retained by our third-party processing company. SWI no longer has to obtain your credit card information at the time of each purchase that is intended to be paid via credit card.
- SWI does not obtain credit card information at the time of each purchase that is intended to be paid via credit card.
- As clearly noted on your invoices, when a customer pays for a credit card they are not entitled to the terms (cash) discount associated with the invoice. Terms discounts apply only to cash type payments, which include checks, cashier's checks, money order, ach, wire or cash. As an example, if you place an order that has program terms of 4%, 30 net 90, and you opt to pay for the order with your credit card, you will not receive the 4% cash discount for the payment since credit card payments are not eligible for cash discounts

SWI Returns/Transfers of Whole Goods & Accessories

Returns of Whole Goods and Accessories

- No whole goods or accessories may be returned to SWI without prior authorization.
- All approved returned goods will be freight prepaid by the dealer returning the goods. Only new, undamaged and current items will be accepted for return.
- A restocking charge of 15% of the dealer's original purchase price will be assessed to the dealer for returns at the dealer's request. If the return is requested by SWI, no restocking charges will apply.
- Any units of whole goods or accessories returned without prior written authorization from SWI will be subject to disposal without credit being issued to the dealer.

Transfer Policy

- SWI may request the transfer of inventory from one dealer to another for market reasons. In these cases, SWI will issue a written authorization of transfer to the transferring dealer as well as issuing a credit equal to the original selling price of the unit.
- When a transfer is requested by SWI, the product will be shipped at SWI's expense.
- When a transfer is requested by the dealer, there will be a 15% transfer fee assessed to the dealer requesting the transfer. In addition, any freight charges associated with the transfer of the unit to the receiving dealer or to SWI's warehouse will be assumed by the dealer requesting the transfer. If the product is being transported to the receiving location by an SWI employee or by truck the transferring dealer will be charged the standard freight charge for the item or items as described in SWI's Standard Freight Policy at the time of transfer.

SWI Other Documentation Requirements

- Dealers are required to add SWI as an Additional Insured to their General Liability Insurance and as a Loss Payee to their Business Property Insurance as outlined in sections 3G and IX of the Dealer Agreement and provide SWI with Current Certificates of Insurance evidencing that fact. Dealers are also required to provide current Sales Tax Resale Certificate (except in DE and NH) and W-9 Documents.
